April 5, 1965

Dear Mr. Norseth,

The water committee for the Burntfork-Birch Creek Water Users met with Jim Scott at his home, on Friday evening, April 2, 1965, and he has accepted the Water Commissioner job for the year, 1965.

The Water Committee discussed the problems of the Water Commissioner getting his money from Wyoming and we feel he should receive more cooperation. We feel you could help in the matter. We feel we have had very little, if any, cooperation from John Teichert and the State of Utah. At the present, Lyle Anderson, the 1964 Water Commissioner, still has \$284.00 coming from the State of Wyoming for the year 1964.

Also, Mr. Norseth, the Water Committee and the Water Commissioner request a copy of how Island Lake water has been set up to be distributed for the year 1965. We feel this will help settle some dispute with the Interstate Canal Company.

Milton Beck has informed me he has received his water assessment for 1965 and he says it is just a small portion of what it has been. He said it was around \$12.00, so maybe you should check into the matter.

Very truly yours,

Laray Sadlier

Laray Sadlier, Secretary

The Annual Meeting of the Burntfork-Birch Creek Water Users was held at the Mc Kinnon Schoolhouse on March, 15, 1965.

Donald Norseth called the meeting to order at 7:00 p.m. and gave a recap of the meeting held in 1964. Mr. Norseth then read the Water Commissioner's report for the year 1964.

The Financial Report for 1964 was read by Mr. Frank Reese with Bob Gamble making the motion that the Financial Report be accepted as read. Ray Sadlier seconded the motion, and the motion carried. The discussion was then brought up as to what the assessment would be for 1965. Ray Sadlier made the motion that the assessment be left at the set up amount. Bob Gamble seconded the motion and motion carried.

Those present at the meeting were Frank Reese, Donald C. Norseth, Bob Gamble, Laray Sadlier, Albert Wilde, Alonzo R. Jarvie, Milton Beck, Orson Behunin, John a Teichert, and Willard J. Stringer.

The finances for the Water Commissioner were discussed with John Teichert on Wyoming's share and he stated he was trying to have it set up to where Sweetwater County would pay \$360.00 and the State of Wyoming \$200.00 for the total of \$560.00, set up for Wyoming's share.

It was voted on and approved by all present that the Water Committee stay the same for 1965, with the exception of Ronald Smith, for whom Orson Behunin nominated Earl Fanks in his place and Alonzo Jarvie seconded the motion and motion carried.

Mr. Lyle Anderson sent in his letter of resignation asking to be replaced as Water Commisssoner, and upon his resignation, the Committee was given until April 15, 1965 to find a new Water Commissioner. The Committee then met April 2, 1965, at the home of Jim Scott to see if he would accept the job. Jim Scott accepted the Water Commissioner's job, at which time the State of Utah and Willard Stringer were notified immediately.
